DETAILED ACTION

The amendment filed on 4 August 2003 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because they recite parameters that were not recited prior to the amendment, including composition and physical properties that would require a different and new search, and the "use in a medical package" with recitations of the package in lines 6 and 7 of claim 21. The elected invention was a "fibrous web". Further, counsel must address *each and every* rejection put forth by the Examiner. Blanket statements are not applicable to remove undiscussed references from reasons for rejecting the claims.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
